

## Kyorene7 Cut-Resistant Gloves, coated with Nitrile Infused

Introducing our Kyorene7 Cut-Resistant Gloves, a superior solution for hand protection, coated with Nitrile Infused (NI) technology. These gloves are designed to provide outstanding cut resistance while offering flexibility and a secure grip for various applications.

- **Nitrile Infused (NI) Coating:** Kyorene7 Cut-Resistant Gloves are fortified with a Nitrile Infused (NI) coating, elevating their durability and providing an enhanced grip. The Nitrile Infused technology adds an extra layer of protection against cuts and abrasions, making these gloves ideal for challenging work environments.
- **Graphene/Nitrile Microfoam Materials:** Crafted from a combination of Graphene and Nitrile Microfoam materials, these gloves offer a perfect synergy of strength and comfort. Graphene reinforcement ensures durability, while Nitrile Microfoam provides flexibility and a comfortable fit.
- **Cut-Resistant Excellence:** These gloves boast advanced cut-resistant technology, providing a high level of protection against sharp objects and potential injuries. Engineered for safety, they are suitable for tasks where cut resistance is crucial.
- **Coated Palms for Enhanced Protection:** The gloves feature coated palms to extend protection to key areas prone to wear and tear. This coating enhances overall durability, ensuring a longer lifespan for the gloves and maintaining their effectiveness in demanding conditions.
- **Versatile Applications:** Kyorene7 Cut-Resistant Gloves are versatile and suitable for a wide range of applications requiring cut protection. Whether you're working in construction, manufacturing, or other industries, these gloves deliver reliable performance.
- **Comfortable and Secure Fit:** Designed for comfort, these gloves offer a secure fit that allows for extended wear without compromising performance. The ergonomic design ensures flexibility and breathability, minimizing hand fatigue during prolonged use.

Upgrade your hand protection with Kyorene7 Cut-Resistant Gloves - where Nitrile Infused coating, advanced materials, and cut-resistant technology come together to provide exceptional safety and performance. Experience the unmatched reliability of these gloves designed for professionals across diverse industries.
