

MASHUP stretch bib-and-brace overalls (Hi-Vis Orange/Navy)

Made of durable and highly breathable Canvas weave fabric, these bib-and-brace overalls ensure comfort and good air circulation. Canvas weave fabric is known for freedom of movement and comfort. Additionally, stretchy and durable **„4-Way Stretch Ultra“** fabric do not restrict movement and allow bending and flexing as you need. Cordura-reinforced knee pads and hems prolong the lifespan of the overalls and are most functional for works requiring kneeling positions. Three spacious pockets are sewn in the front of the overalls, one of them a zip pocket in the chest area. A zip pocket is added on the left side of the overalls and a tool pocket is added on the right side, ensuring the possibility to keep all the necessary tools on you. The overalls can be adjusted for any height due to the double fold hem which has been specifically designed for trouser length adjustment.
