

## NEW MONTREAL Winter Jacket (Yellow/Black)

Introducing the NEW MONTREAL High Visibility Winter Jacket in a striking Yellow/Black color combination, designed for optimal safety and comfort in cold and low-light environments. This Class 3 winter jacket features segmented reflective strips for enhanced visibility.

- **High Visibility Design:** The NEW MONTREAL winter jacket is designed with a high-visibility yellow and black color scheme, meeting Class 3 visibility standards according to EN ISO 20471.
- **Segmented Reflective Strips:** The jacket is equipped with segmented reflective tapes, 5 cm in width, ensuring maximum visibility. Additional reflective elements are strategically placed on the shoulders and hood.
- **Warm and Breathable:** Crafted from 100% polyester with a special breathable PU membrane, the jacket provides warmth while allowing the body to breathe by vaporizing water vapors outward.
- **Extended Backside and Detachable Hood:** The jacket features an extended backside for added protection and a detachable hood for versatility in varying weather conditions.
- **Adjustable Features:** Adjustable waist circumference from the inside via a rubber band with fixators for a customized fit. Sleeve circumference adjustment using a buckle and Velcro strap. Stretchy cuffs for freedom of movement without restriction.
- **Spacious and Functional Pockets:** Multiple zip pockets are strategically placed for carrying work tools and essentials, adding functionality to the jacket.
- **Insulated Liner:** The jacket comes with an insulated liner for added warmth. While the liner is not detachable, it ensures consistent comfort in cold weather.

Stay visible, warm, and comfortable with the NEW MONTREAL Winter Jacket — your trusted companion in challenging winter conditions.
