

## Trousers COMFORTPRO 4-way stretch GRAPHENE (black)

### **Comfortable and Lightweight Work or Leisure Pants COMFORTPRO BoSafety**

COMFORTPRO trousers are a UNISEX product not only for work but also for leisure!

**FABRIC:** The trousers are made of 4-Way Stretch GRAPHENE fabric. This GRAPHENE fabric is extremely stretchy and allows freedom of movement. It is also very durable.

GRAFENO's thermo-regulating properties make these trousers pleasant to wear in different temperatures and feel extremely comfortable.

**FUNCTIONALITY:** The waistband is made of strong and elastic rubber, so it fits a wide range of body types and is very easy to put on. The pockets in the thigh area ensure that your work tools or leisure equipment are always close at hand and within reach. The bottom of the trousers is also elasticated, giving you style and comfort.

#### **Suitable for:**

- Indoor work, leisure activities.
